Splash'Em

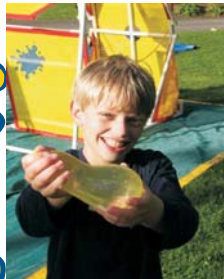

The Ultimate Water FUN

What is Splash'Em?

Splash'Em is a NEW interactive water balloon game developed and manufactured by the team at Go Vertical Ltd, a company with 11 years experience in the New Zealand and European amusement industries.

Splash'Em is manufactured from a highly durable PVC material with an aluminium core. The Splash'Em unit is lightweight and has a high resistance to ultra violet light, giving it excellent durability. Each unit is designed to be easily and quickly collapsed and is extremely portable. It can be carried on a standard domestic trailer or utility vehicle.

How to Play

The aim of the Splash'Em game is to have fun getting EVERYONE as WET as possible. The game is played by placing two Splash'Em units (which act as firing stations) up to ten metres apart. Up to two players can be positioned in each firing station with their buckets of balloons.

(Players place their balloons one at a time into the balloon launching device, then AIM and FIRE the water balloons into the air at the opposing Splash'Em station.)

Splash'Em is a game of skill in which the aim of the game is to skillfully SOAK the opposition!

Splash'Em at your Event?
Splash'Em guarantees extra FUN at YOUR birthday party, group outing, corporate event, festival, fund raiser, Christmas party, school gala or just at the beach.

Splash'Em units are easy to hire and operate yourself or let the FUN team at GoVertical assist you with YOUR event. If you would like to know MORE about Splash'Em, we welcome your enquiry. Call us NOW on 0800 144 244.

Splash'Em is suitable for AGES from 5 to 85 and combines the excitement and fast pace of a water fight in a SAFELY controlled environment.

Splash'Em is a FAST MOVING fun filled game that makes the traditional water fight BIGGER, BETTER and a whole lot WETTER!
